

## Resolution 24/3

### **Budget for the biennium 2016-2017 for the United Nations Crime Prevention and Criminal Justice Fund**

*The Commission on Crime Prevention and Criminal Justice,*

*Exercising* the administrative and financial functions entrusted to it by the General Assembly in its resolution 61/252 of 22 December 2006,

*Having considered* the report of the Executive Director of the United Nations Office on Drugs and Crime containing the proposed budget for the biennium 2016-2017 for the United Nations Crime Prevention and Criminal Justice Fund<sup>1</sup> and the related recommendations of the Advisory Committee on Administrative and Budgetary Questions,<sup>2</sup>

*Recalling* that article 101 of the Charter of the United Nations emphasizes the paramount consideration of efficiency, competence and integrity with regard to the recruitment of staff and that due regard shall be paid to the importance of recruiting staff on as wide a geographical basis as possible,

*Noting with concern* the lack of diversity, in particular equitable geographical representation, within the staff of the Office, and emphasizing that the Office, both at headquarters and in the field, should take more effective measures to ensure the recruitment of a diverse pool of candidates,

*Recognizing* that the principle of equitable geographical distribution and the goal of equal representation of women in the composition of the Secretariat do not conflict with the paramount consideration in the employment of staff, namely the necessity of securing the highest standard of efficiency, competence and integrity as set out in article 101, paragraph 3, of the Charter of the United Nations,

*Recalling* General Assembly resolution 69/251 of 29 December 2014, in which the Assembly, inter alia, noted with disappointment the insufficient progress made with regards to achieving the goal of a 50/50 gender balance in the United Nations common system, especially in the Professional and higher categories, and requested the International Civil Service Commission to encourage the organizations of the common system to fully implement existing gender balance policies and measures,

*Recognizing* the normative functions supported by the Office as part of the Secretariat of the United Nations and stressing the importance of technical assistance, within the mandate of the Office, provided to Member States upon their request and for these purposes, the importance of adequate predictable and stable funding,

*Underlining* the importance of contributions made by Member States, as well as regional and other intergovernmental organizations, and all other donors,

1. *Notes* the progress made in the development of the thematic and regional programme approach to the programme of work of the United Nations Office on Drugs and Crime and in ensuring the full complementarity of the thematic, global, regional and country programmes;

6. *Further notes* that the budget should clearly distinguish between general-purpose funds and programme support cost funds and harmonize the use and management of these two fund categories across the two funds of the United Nations Office on Drugs and Crime, and stresses the importance of a clear and explicit approach to the application of programme support cost charges and their allocation;

7. *Requests* the United Nations Office on Drugs and Crime to strengthen its efforts to further encourage Member States and other interested donors to provide general purpose funding, including by means of further increasing the transparency and quality of reporting;
